

For Biliousness

Biliousness is a common form of indigestion. It is brought on by food-waste which the stomach, intestines and bowels fail to expel. If you will take a few doses of Beecham's Pills, when bilious, you will soon rid yourself of the impurities, relieve sick headache, stimulate the liver and bile and tone the stomach. Healthy conditions are quickly re-established by using

They Tell Us

We are two particular in the make of our suits. Say they a suit is worn at the most but a year.

Can't agree any more than we could agree that a public school should be run for the benefit of a privileged few.

We contend that good lumber does not necessarily make a good house any more than good cloth makes a good suit unless perfect tailoring is added.

The writer has a spring top coat made fifteen years ago and used continually since—it's in perfect condition.

The Cloth Is a Metcalf Worsteds The Tailoring Is Perfect

It cost a whole lot more than a cheap country clothier could afford—if first cost only was considered.

The Wear Justified the Cost

We don't give you Metcalf worsteds and then spoil with cheap tailoring.

Yet here now a Metcalf worsted suit costs you but

\$30.

Died in Haddonfield, N. J., Wednesday morning, May 7th James Fitzgerald, only child of Mr. and Mrs. James Hubbell Birdsall, great grandson of the late Col. Albert C. Hubbell, formerly of Bennington. His age was nearly three months. A little life, a great sorrow.

EXPLOSION WRECKS TROLLEY

Lawrence Car Loaded With Workers Badly Damaged.

Lawrence, Mass., May 8.—A crowded trolley car bound for Haverhill was damaged early today by an explosive which had been placed on the rails in Jackson street, Methuen, a short distance from this city. One passenger was slightly injured. Most of the windows were shattered and one of the wheels was cracked.

Two cars bringing mill workers to this city were due at about the same time as the Haverhill car and the police believe the dynamites intended to wreck all three.

Police men who reached the scene within a few minutes found a stick of dynamite and a can which they said apparently had contained some explosive lying near the rails.

Mill officials said that an increasing number of operatives were reporting for work each day.

ST. CLAIRE HOME A FEATURE

In Uncle Tom's Cabin, Plays at Opera House Saturday

Among the notable scenes of Wm. H. Kibbie's "Uncle Tom's Cabin" which is to be at the Opera House Saturday afternoon and evening is the St. Claire home, showing the tropical garden with its fragrant magnolia and orange trees, among which nestles the typical Southern plantation residence, the home of Little Eva; Legree's cotton plantation on the Red River with the cotton in full bloom; the wild rocky pass in southern Ohio, and the ice choked Ohio River by moonlight.

The transformation entitled "The Celestial City" is said to be the most magnificent tableau ever conceived. In offering his revival to our city Wm. H. Kibbie not only claims that the scenic effects are superior to any ever attempted but honestly assures prospective patrons that the Company is composed of the most capable talent obtainable.

DISCHARGED BY JUNE 15

Several Departments Have Received Orders

Washington, May 9.—Commanding Generals of the north-eastern, eastern, south-eastern and central departments and some individual camps were instructed today by the war department to have discharged by June 15 all drafted or enlisted men who are eligible for discharge. The exception of the southern and western departments is understood to be due to their units being largely on duty on the Mexican border.

SUFFRAGISTS LACK BUT SINGLE VOTE IN SENATE

Washington, May 7.—Though suffrage polls show that one vote is still lacking in the senate, the leaders say they are convinced that the "enormous gain in sentiment throughout the country in favor of the amendment will make it impossible for the senate to defeat the measure." While Senator Penrose of Pennsylvania is still counted as opposed, some hope of a change in his attitude is expressed, because he once made the cryptic statement that "there is more joy over one sinners than repenteth than over nine and ninety that have never gone astray."

According to the present poll of the National Woman's party, a solid suffrage vote is assured in the new congress from 18 western states and one eastern state in both house and senate. Only one state, Alabama, will, according to this poll, vote solidly against the suffrage amendment. The poll indicates that 18 states will send delegations in which the majority favor the amendment, making 37 giving a majority vote; while seven, all from the southern democratic group, have elected majorities against and four are equally divided or uncertain.

Senator Borah, by his opposition, prevents Idaho from giving a unanimous favorable vote. Senator Hitchcock creates the same situation in Nebraska while in Delaware and Maine which will send solid favorable delegations to the house, Senators Wolcott and Hale prevent a clean sweep. Iowa and Michigan delegations will be solid in both houses except for one representative in each case. West Virginia, already unanimous in the Senate, also may give a solid vote in the house. Connecticut, Tennessee, Kentucky, New York, Wisconsin, Missouri, Pennsylvania and Ohio all

KEEP IT SWEET

have large majorities in the lower house, with both senators opposed in Connecticut and Pennsylvania, both in favor in New Jersey and Wisconsin and one senator in favor in each of the other states.

North Carolina, South Carolina, Virginia, Georgia and Mississippi house delegations, according to the statements of their representatives, will cast majority opposition votes. In Georgia, South Carolina and Mississippi one senator is still uncommitted, while in Louisiana one is unfavorable and one hopeful, Massachusetts, which gave a majority against it in the lower house it is hoped will give a majority in favor, while the vote of the senators will this time be divided instead of both being opposed. Alabama and Louisiana are the only two of the five states which voted unan-

Beginning May 10th the price of admission to this theatre will be—Matinees, children 11 cts; adults 17 cts.—evenings, children 11 cts.; adults 17 cts.

mously against the amendment last year which will again give a solid opposition vote in the house.

The greatest change since the last vote in any delegation is in that of Ohio, which in the last house cast a two-to-one vote against the amendment. In Maryland and Vermont the vote is half and half in both houses. In Florida both senators opposed the house delegation is three to one in favor. In Texas both senators are supporting the amendment and a majority in the house is expected. Pennsylvania whose delegation voted the last time 22 to 12 in favor is counted on for a majority in the house. Both senators are counted as opposed.

BORAH CALLS IT "MURDER"

Washington, May 7.—Senator Borah characterized as "deliberate murder" today the decision of the War Department to keep American forces indefinitely in Siberia. Mr. Borah declared that the department's announcement that it would enlist 8,000 men at once for Siberian duty was part of the military policy toward Russia that was "inexplicable."

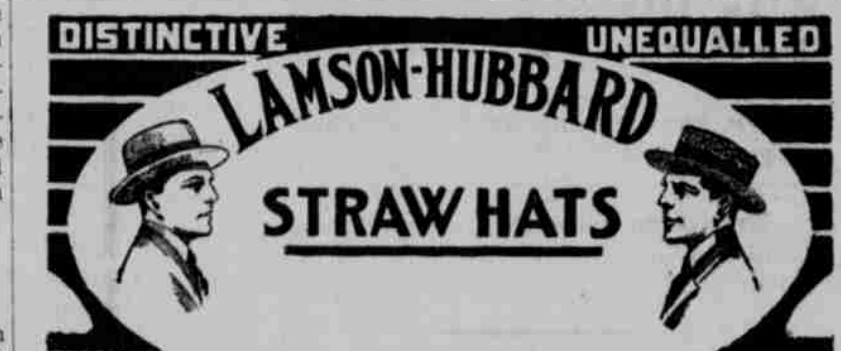

NEW CURRICULUM

Dartmouth Reduces Elective Work of First Two Years.

Hanover, N. H., May 7.—Under a new curriculum for Dartmouth College, announced today and to be put

into effect next fall, elective work will be greatly reduced in the first two years, and students will be encouraged to specialize in some major study during their junior and senior years. Of the 122 hours' work in each semester required for graduation

68 will be prescribed, 24 must be occupied in a major study and 30 will be for the free electives. Two new half-year courses will be required of all freshmen. One will be on problems of citizenship and the other on evolution.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear. Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepiest; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. It is sold by druggists in Bennington and most all good druggists.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.
